

HEALTH & SAFETY

We recognise that health and safety is everyone's concern and must be given the highest priority throughout the whole process. As well as our own Health and Safety Manager we also employ the services of consultants who ensure complete compliance with the latest legislation. We implement a rigorous training programme that ensures the whole team, from project manager to engineer, understands the importance of correct compliance. The team ensure that site safety is maintained and the protection of our employees and customers is assured

You can request to download a copy of our full health and safety policy via e-mailing your request to:
Daniel Casey (Director) at d.casey@sapphiresigns.co.uk
